IV. Superintendent’s Report - Mr. Weiss

- Superintendent Weiss reported on the emergency meeting for HVAC repair which qualified the district for reimbursement costs within a year rather than 15 years; updates will be provided; this was done once before on carport roof.

  - Presentation of Certificates - Dr. Deborah Lovrich
    Long Island Young Scholars of Mathematics
    Maya Arengo
    Uma Arengo

  - Presentation –Future Capital Projects (Priority Needs for Consideration)- Michael DeVito and Steve Lahey

  - Presentation - Food and Nutrition Services 2015-16 Review (Part 1) and Future Considerations for Food Services (Part 2) – Michael DeVito and Steven Kamlet
    Highlights include: Part I - Review of Financial & Operational Data, Revenues and Expenditures, Participation, Staffing Models, Staffing Comparisons with Other Districts, Nutritional Information. Part II - Potential Changes to Food Service – Take HS off National School Lunch Program, Provide Cold Lunch Only, Use Contract Management Company, Invest in Program Infrastructure
V. President Mininsky called for Board of Education Comments

Future Capital Projects
- President Mininsky asked where the cost figures come from (Building Condition Survey, Mr. Grillo, new architect, hard costs only); questioned bulkhead lawsuit; asked why bulkhead costs were not submitted to FEMA (not damaged in storm. Did apply for mitigation grant but were denied); asked if staff could paint boiler room floor (not requesting funding for it - bulkhead funding only).
- Board Member Bodnar was told that swaying bulkhead was part of the design (lie).
- Board Member Vrona asked if we have $875K in capital fund why are we asking for $800K from capital fund; are projects in priority order (needs based); asked how much money we saved from Lido/MS energy performance contract (IDK) and noted that $800K seemed like a generous, if not realistic number (Aldo stated that ECG has worked with 50-60 school districts); asked what it would take to get voter approval to use capital reserve funds which now stand at $2.4 million; what is a good amount for the reserve fund.
- Board Member Ryan understood about the bulkhead but questioned the need for new windows at West (opening them has safety issues); asked about A/C for schools (no plans); questioned how should we prioritize.

Food and Nutrition Services Update – Parts I and II
- President Mininsky asked how much we get annually from the government ($600K): what makes LB so unusual (more staff and better pay); asked why we had so much food in refrigerators in July (for September opening).
- Board Member Bodnar asked why food was not covered by insurance (trying); do other districts have same amount of schools (less schools, less staff)
- Board Member Vrona noted that she has seen all changes and nothing seems to work; staffing model isn’t working, participation is an issue, we only sold 9% of paying meals; not in favor of management program; cannot see paying for a consultant.
- Board Member Ryan has concerns; price of lunch; are ours competitive (yes); data is clear - no consultant is needed.

VI. Student Organization Announcements
None

VII. President Mininsky called for Questions and Comments from the Public - Items on Tonight's Agenda Only
- Joanne Rea - 90 Connecticut Ave - member of Food Services Committee - noted that a lot of things were not discussed at committee; 2015 had a loss of $40k because of no insurance reimbursement - monies could have been used for staffing; asked what price should be charged for meals; how much do we lose on each meal (20 cents or less); raised food price at least 25 cents to break even.
- Lisa Smith - 26 Matlock St - don’t waste $15K on consultant; questioned accuracy of 33% free/reduced (explained).
- Jill Butensky – 38 Fairway Road – she makes food for her kids who won’t eat school lunch; asked if it was possible to have a combination of free food and other food.
Public Comments Continued
• Keith Harvey – CTA President – asked if there was a timeline for a decision (only if a management company was hired), whether it would be at a public meeting (yes) and whether 38 people would be fired (all employees would be picked up by management program).
• Patty Cody – 247 W. Fulton St – commended Mr. Kamlet on presentation; commented on Oceanside food; asked about correlation between other districts and demographics; allergies are important; display cases in elementary schools should be lower.
• Joanne Rea – 90 Connecticut Ave – thought that many of things were fixed from Sandy; asked about retaining wall (second floor) and security vestibule expenses.
