I. Pledge of Allegiance/Call to Order/Opening Remarks
President Vrona opened the meeting at 7:02 PM, led the community in the Pledge of Allegiance, introduced Mr. Albert Chase as the Interim Business Administrator, and noted that Long Beach was featured in Newsday for its ecology in LBHS.

II. Superintendent’s Report – Dr. Gallagher

Part I
• Presentation – Long Beach School District 2019-2020 Student Performance Data Summary – Dr. Romanelli, Dr. Radice, Principal Beard, Principal Myers

Highlights include: The Memory Project, Elementary, Middle School and High School Achievement Data, Summer School, AP/IB Results, 2019-20 Action Plan

This presentation can be located on the district website or in the office of the District Clerk.

III. President Vrona called for Board of Education Comments
• President Vrona asked specific questions about mastery rates, 8th grade algebra, math labs (MS-no, HS-yes; remarkable increase in scores, building foundation skills); MS reading 70% superb, 1/3 no movement (reading support will grow – restructuring reading support with more diagnostics in smaller groups/individual; WRaP will have revolutionary effect; elementary results were astounding in math and reading; asked about HS Regents scores (strong); English Regents not given in 2020; summer school effectiveness (very, data supports it); 95% received credit for coursework; separation of MS from HS algebra; IB/AP participation up, results mixed; parents pay so there is a certain expectation; AVID program will help develop skills; questioned whether IB has maxed out (this year up to 81).

• Vice President Posterli thanked the presenters; results are encouraging; interested in AVID program report (spring presentation – college readiness, tutoring, local business participation, pilot year of program); how are decreasing in mastery scores being addressed (support, restructuring).

• Board Member Conway thanked the presenters; was impressed with Memory Project; teachers and administrators deserve credit for elementary success; voiced concern about encouraging middle students in 4-6 grades; summer school students who failed the Regents (get support until they pass); need to close gaps in students’ learning (small groups in lunch/library, additional tutoring, extra help, target ENL students); average students who cannot do IB take AP courses (other possible vocational options like technology, film students, IB not only option).

• Board Member Ryan requested fewer IB notifications; thanked the presenters; assessments are fraught with errors, emotions; quality of instruction is key to success; questioned the reliability of BAS teacher-driven data (effective use of time, provides one-on-one time with student and teacher; helps teachers make instructional decisions) on the amount of time spent administering testing (between 5-25 minutes depending on grade/skills twice per year); has coaching model in elementary schools contributed to success (valuable resources); teachers consider another layer of administration; asked if teachers accurately predict test scores/correlation of grades and scores (STAR is an accurate measure/IB solid predictor); what impact has cutback of Regents review had (teachers did a better job); thanked attendees.

• Board Member Pinto happy to see upward trending, improvement on STEM; next time would like to see information on life skills students, certifications in arts, technology; address multiple pathways; supports increase in specials integrated.

Part II - Dr. Gallagher addressed Part II of the presentations; NYS Testing. Parents/public were asked to speak.

Parental Comments

• Matt Adler – 410 E. Broadway – explained the details of the scaled scoring/mastery which is a moving target; suggested that comparing district to district data would prove more helpful (that is looked at internally).

• Lori Heavy – 135 Atlantic Avenue, EAB – questioned 1st and 2nd grade dips in scores (plans for retraining of teachers, guided instruction in literacy, early identification of students, remediation and AIS for 2nd and 3rd grade).
• Teresa McCarthy – 559 W. Beech St – her children are taught that taking tests is a responsibility; no pressure on results; learning to take tests is an important real-life application; they enjoyed taking 4th grade science test which was a different style.
• Keith Harvey – LBSD Teacher, Union President – emotional component to taking tests, 50% opt-out rate cannot be ignored; financial responsibility in losing state aid.
• Patricia McQuade – 650 West Park Avenue – has three children take tests; supports testing; questioned IB mock testing schedule during midterms.

Board Member Conway thanked parents for their input.

President Vrona called for a motion on Items VIII.4 through VIII.7.

Motion by: Board Member Pinto
Seconded by: Vice President Posterli
Approved: 5-0

Board of Ed – Additional Comments
IX. Board of Education – Additional New/Old Business, if any

- Board Member Pinto expressed disappointment with start of school transportation especially for Pre-K (Dr. Gallagher noted that it was unacceptable; TAS were trained and temporarily used to deal with matron shortage, additional staff was added for phones, Mr Chase working with department); will improve bus passes, investigate other GPS systems; he requested improvements in communication; shout-out to East PTA on their mural; questioned status on lines for basketball courts.
- Board Member Ryan appreciates Dr. Gallagher taking responsibility and noted the BOE takes responsibility, too; asked when kinks are expected to be worked out (when qualified people are hired, plugging holes, should be stabilized).
- Board Member Conway noted that students were told their buses were not going to the West End; asked about greenhouse (on track to be built third week of September – Dr. Ryan commented that Northport just installed a greenhouse).
- President Vrona asked the attorney if the Board needs to pass a resolution on placing cameras on the exterior of the buses as the first step.

X. Questions and Comments from the Public

- Patricia McQuade – 650 W. Park Avenue- suggested the district try to contact retired bus drivers/matrons to fill in the gaps temporarily.
- Joanne Rea – LB Group C President – transportation issues need to be addressed; need to hire more full-time people to give them a career opportunity, not a part time gig; pressure was put on the department to reel in finances at all costs; Pre-K busing is not a school obligation so matrons are pulled for special needs buses; disheartening that thanks were not given to all of those transportation employees who did a great job at the start of school; ask stakeholders their opinion.
- Danielle Karr – 10 Freeport Ave, Pt. Lookout – Pre-K child was lost on the second day; first school experience; thanked the administration for bringing attention to it; three (3) PTA mom’s children misplaced; communication was poor.
- Lori Heavey – 135 Atlantic Ave, EAB – daughter was misplaced; no car seats for three (3) year olds; questioned knowledge of law by employees.
- Jamie Gardiner – 135 Maple Blvd – impressed with presentation; commended staff on dealing with issues; handed out information on a GPS system being used by NYC.

XI. Announcements

1. Long Beach Classroom Teachers’ Association – None
2. Administrative, Supervisory and PPS Group – Principal Sauter congratulated Vinny Russo on his retirement, wonderful opening of school year.
3. LBPS Group C Employees Association – President Rea enjoyed the presentation; her daughter lodged a complaint; thanked Dr. Gallagher who has breathed new life into people; people appreciate her; thanked buildings and grounds crew; we can work together to fix problems.
4. Parent/Teacher Association – Co-Presidents Tami Ackerman and Teresa McCarthy thanked everyone for the start of the school year and acknowledgement of problem areas; looking forward to working together again; great job on WRAp, go to website, thanks for keeping it current (Dr. Gallagher noted a mailing will go out this week).
XII. President Vrona called for a motion to adjourn at 9:30 PM.
