President Ryan announced the formation of the Budget Advisory Committee and asked for
volunteers for the committee.
III. **President Ryan called for Board of Education Comments.**

**Board of Education Response**

**Roy Lester** – Longest history of any current board member. The idea of the bond was born after discovering poor conditions of facilities. It took years; involvement was incredible. In these economic times, never thought bond would pass. MS field looked amazing at homecoming. We have thousands of kids playing sports. Athletics is crucial to learning life lessons and discipline. Turf fields have less maintenance and are safer. Big events will inconvenience locals rarely. No need for press box. Give our students this opportunity. Board has obligation to voters to follow through on plan. There is room for compromise.

**Darlene Tangney** - Compromise can happen. Was not a Board Member or participant of the FAC involving bond vote. Independent traffic study is necessary; will be attending 4th precinct meeting. Supports fields, safe facilities, and turf field. Do not need Press Box. Board can compromise on smaller bleachers, should have policy on lights, and increased security if necessary. Opposed to renting out fields; use should be for community teams only. Voiced concerns about student comments regarding safety of present fields and would like a report on the current field conditions. Requested results of security report on homecoming.

**Gina Guma** – Major issues revolve around safety and quality of life for both students and residents. She purposely purchased home by a school. Heard no opposition to fields from community. We have a legal obligation to go with the plan, with discretion, as confirmed by Mary Anne Sadowski, attorney. Board will compromise. Witnessed struggle for fields, need for fields; will concentrate on safety and security.

**Pat Gallagher** – Checked with LBMC and police regarding homecoming. Mr. DeVito and Mr. Epstein confirmed night was without any significant incident. Extra security was provided in advance to ensure safety. Recommended using Nassau County auxiliary police. Received emails regarding Lindell fields which were recently renovated, are in constant use, and are supported by the neighbors. Stadium is a mischaracterization; it is a multi-purpose field. People are complaining too late; the bond has passed. The Herald had many articles; conversation was even tied into debate over East School at Board meetings. Will also attend meeting with 4th precinct. With Pre-K gone, there will be much less traffic. The number 1200 was created because it is the HS population; good way to congregate students together if necessary. There is a consensus on fields. Lighting is necessary for continuous use of fields. Agree with need for policy on lights. Consider splitting bleachers on 2 sides. Sees compromise on Press Box.
Board of Education Response (continued)

Dennis Ryan – Thanked predecessors and Dr. Greenberg on their vision. District is saving money by doing this now. Physical Education is an important part of instruction. Fields are used for all students. District has large number of scholar/athlete teams. Understands high taxes, high priced community, but in the long term, plan will save us money. The fields are coming, along with the lights, which will be regulated. After attending many school sports competitions, agrees with downsizing the number of bleacher seats and suggested use of portable bleachers for large events.

IV. President Ryan called for Questions and Comments from the Public on Agenda Items Only.

Ira Stern – 305 Blackheath Road – commented on current security guards and volunteered to be on the Budget Advisory Committee.

V. President Ryan called for a motion to approve Minutes and Executive Session for September 28, 2010.

Motion by: Board Member Guma
Seconded by: Board Member Ryan
Approved: 5-0

VI.1 President Ryan called for Presentations of the Superintendent.

Dr. Greenberg tabled Item (h) and recommended the approval of Personnel Matters: Certificated.

President Ryan called for a motion on the recommendations in Certificated Personnel.

Motion by: Vice President Gallagher
Seconded by: Board Member Guma
Approved: 5-0; 3-1 on Item 1. (r)
Voted No: Tangney on Item 1.(r)
Abstained: Guma on Item 1.(r)

Item (h) was tabled.
VI.2. Dr. Greenberg recommended the approval of Personnel Matters: Non-Certificated.

President Ryan called for a motion on the recommendations in Non-Certificated Personnel with the ADDENDUM.

Motion by: Board Member Guma
Seconded by: Vice President Gallagher
Approved: 5-0; 4-0 on Items (b), (d) 16 and (d) 24.
Abstained: Lester on Item 2. (b).

Board Member Guma recused herself on Item 2. (d) 16 and 24.

ADDENDUM

VI.12. Dr. Greenberg recommends the RESOLUTION IN OPPOSITION TO SHIFTING OF MULTI-YEAR TAX CERTIORARI COST SETTLEMENTS

WHEREAS, in 1938, at the specific request and behest of the County of Nassau, New York State granted county-wide property assessment jurisdiction to the County of Nassau; and

WHEREAS, aside from upstate Tompkins County, Nassau is the only county-wide assessing unit in New York State, with over 415,000 parcels, and is second in size only to the City of New York; and

WHEREAS, in its original consideration of the County of Nassau's petition for assessment jurisdiction, the New York State legislature expressed concerns that the enormity of the assessment load would result in erroneous assessments and subsequent challenges; and

WHEREAS, the New York State Legislature, aware that school districts are highly dependent on a secure property tax base and that school budgets would be vulnerable as a result of inaccurate tax rolls, thereby endangering the education of children, decreed in 1948 that the County of Nassau, with its broader range of revenues, should be held responsible for costs and penalties resulting from its errors in assessment; and

WHEREAS, in order to secure control of a county-wide system and the benefits thereof, the County of Nassau pledged and guaranteed to the State of New York to protect its school districts from any negative consequences resulting from the assessment procedures utilized by the County of Nassau; and

WHEREAS, for decades, schools and taxpayers within the County of Nassau have suffered from the inequities caused by the adherence of the County of Nassau to an irrefutably and admittedly flawed assessment process; and
WHEREAS, legal challenges to commercial assessments made by the County of Nassau have been, either negligently or willfully, permitted to languish in the courts for years and years, accruing interest at exorbitant rates prior to their eventual settlement by the County of Nassau; and

WHEREAS, in 2002, in order to facilitate an assessment roll relatively free from errors and potential challenges, the New York State Legislature granted the Nassau County Assessment Review Commission one (1) full year for review prior to the establishment of its final assessment roll; and

WHEREAS, the Supreme Court of the State of New York, County of Nassau, has denied the attempt by the County of Nassau to shift responsibility for multi-year back payments for tax certiorari costs from the County of Nassau to local school districts in derogation of the pledge and guarantee previously made by the County of Nassau; and

WHEREAS, the Supreme Court of the State of New York, Appellate Division, Second Judicial Department, has denied an attempt by the County of Nassau to implicate school districts in its move to shift to villages, towns and special districts the funding of tax certiorari judgments; and

WHEREAS, it is the County of Nassau that is responsible for its own property assessments, including, but not limited to any flaws, errors or delays therein, and that school districts within the County of Nassau have no role whatsoever in either making such assessments or in responding to challenges to such assessments; and

WHEREAS, the Executive of the County of Nassau, Edward P. Mangano, has called upon the Nassau County Legislature to unilaterally, without the approval of the State of New York and/or the consent of the school districts of the County of Nassau, relieve the County of Nassau of its pledge, guarantee and lawful obligation to hold such school districts harmless for back payments of multi-year tax certiorari settlements, thereby shifting the costs of such payments onto local school property taxes and local school property taxpayers; and

WHEREAS, any assertion that abandonment of the pledge, guarantee and obligation of the County of Nassau contained in language in the proposed Budget of the County of Nassau for Fiscal Year 2011 means “no property tax increase” is false and misleading, resulting in no real cost avoidance, but merely a shift in the lawful responsibility of the County of Nassau on to the schools within the County of Nassau; and

WHEREAS, such action would only raise school taxes to the taxpayers of the County of Nassau without adding any educational value;

THEREFORE, BE IT RESOLVED, that the Long Beach City School District Board of Education opposes any legislation, from whatever source, that would shift the responsibility of the County of Nassau for funding multi-year tax certiorari settlements of its assessment errors onto the local school district tax levy; and

BE IT FURTHER RESOLVED, that this Resolution be forwarded to the following representatives for their endorsement.
