I. Call to Order/Pledge/Opening Remarks – President Ryan

President Ryan called the meeting to order at 7:32 PM and led the community in the Pledge of Allegiance. Dr. Berger will be leading the meeting since Dr. Greenberg is out ill. Dr. Ryan praised the celebration of veterans at the MS earlier in the day. Team 7-1 hosted 44 veterans who talked to students about their experiences. There were presentations, a parade, a rededication of Veterans Field, and a luncheon for the veterans. Mrs. Goropeuschek and staff were thanked for a wonderful event celebrating students, freedom and service to our country.

II. Superintendent's Report – Dr. Randie Berger

Dr. Berger substituted for Dr. Greenberg.
Dr. Berger presented the Results of Consulting Report for the Long Beach City School District. Presentation consisted of findings, recommendations and corrective actions for the Personnel and Benefits Offices. Topics included vacation, sick leave, separation, health insurance, retiree health insurance, segregation of duties, and internal controls. Presentation is on file with the District Clerk.

III. President Ryan called for Board of Education Comments on the Results of Consulting Report for the Long Beach City School District Presentation.

Board Member Lester commended Dr. Berger on her work and dedication. He questioned the quantity of variables in calculations, a problematic program, and a Finance Manager flaw.

Board Member Guma inquired about the attendance process and procedures.

President Ryan questioned the annual attestation of staff members of their sick days. Thanked Dr. Berger for the presentation, the work involved and the recognition of errors. He noted the short-sightedness of cutting clerical staff. New staff has hopefully rectified the situation.

Board Member Tangney thanked past Board President Lynn Gergen for pushing the investigation last year. She was pleased that independent forensic audit was done.

Presentation on FLES (Foreign Language at the Elementary Schools) [Spanish] & FLEX (Foreign Language Exploratory- 6th grade) [Italian, French and Spanish] Programs by Vivian Fiallo with teachers Gillian Bella, West School, Doris Castro, Lido and Lindell School, Stacie Kaufer, Lindell School, and Jessica Scotto, East School for the FLES program and Tina DeBellegarde, Lindsay Van Sickle, and Sandra Yanowitch for the FLEX program. Presentation is on file with the District Clerk and posted on our web site, along with the goals and expectations of the programs.

President Ryan called for Board of Education Comments on FLES/FLEX Program Presentation.

President Ryan thanked the teachers and inquired about the possibility of teaching Mandarin. Ms. Fiallo is interested in exploring that possibility and American Sign Language as well.

Vice President Gallagher inquired about the success of the FLEX program and the decision about curriculum for the 4th quarter. Students do research projects and then pick their language of choice.
Board Member Tangney thanked Ms. Fiallo and teachers for the presentation and asked about the methods used to reach parents; also inquired about parent surveys. Ms. Fiallo spoke of attending future PTA meetings; had not sent out any new surveys. When asked about the ultimate expectations after grade 5, Ms. Fiallo responded that functional proficiency in Spanish was the goal. Mrs. Tangney asked about foreign language credit and the role of guidance counselors in the selection process.

Board Member Guma thanked Ms. Fiallo and was excited about the program and the opportunity for more choices for students. She supports and encourages the idea of American Sign Language which opens many doors and career opportunities.

VP Gallagher stated that many colleges accept Sign Language to meet their language requirement.

President Ryan questioned whether FLES/FLEX teaches cultural differences and tolerance, or the theme, which it does.

IV. President Ryan called for Questions and Comments from the Public on Agenda Items Only.

Lynn Gergen – 511 Lido Boulevard – Thanked Ms. Fiallo for a great presentation and commended the project-based learning. She inquired about transition from elementary school to the Middle School regarding levels of Spanish and she supports Mandarin. Mrs. Gergen questioned the time, 12 years, that it took to discover and correct personnel problems and asked if the district was still using the same auditors. She foiled for the Sheehan report and was denied access to information. Bob Freeman told her that the statistical and factual information should be released and she is disappointed that she has not received the requested report.

Gregory Naham – 355 Blackheath Road – inquired about Arabic, German and Latin.

VIII. President Ryan called for Board of Education – Additional New/Old Business, if any.

Mr. DeVito presented a revised Site Plan for the HS Complex/Fields, distributed at the meeting, as requested by the public. Key changes include placement of the fields further east, reduced seating, and the elimination of the press box. Site plan is on file with the District Clerk.

Vice President Gallagher inquired about the possibilities for the placement and angles of the scoreboard, the height of the berms, the 6 foot access drive, portable bleachers, the height of poles for lighting and confirmed the use of the HS for its bathroom facilities.

Dr. Ryan noted the impracticality of the bleachers for spectators at tennis matches.

Mr. Tom Ritzenthaler, CS Arch, stated that the scoreboard placement could be revised; it is dangerous to plant so high as to obstruct the view of the street and signs for drivers; noted 12-15 foot access, and the relocation of the lights away from the neighbors.

Board Member Tangney, pleased with progress, expressed appreciation for the hard work on compromise, noting that all parties were heard. Mrs. Tangney is interested in public reaction to the changes, likes the idea of the scoreboard angle, inquired about distance between homes and tennis courts, and questioned permanent filming platform.

Mr. Ritzenthaler stated they were working around property line, the overbuilding by neighbors, and confirmed the permanent filming platform.

President Ryan inquired about wrestling; which fits into the theme of practice, and asked about the possibility of a bubble.

Mr. DeVito asked CSArch to work on a design, with a possible location on the east side of the gymnasium. He also discussed the deadline for information delivery to the State Education Department.

Mr. Ritzenthaler explained that the bubble does not meet SED standards for energy code; also noted that the HS Complex Fields plan has been regenerated 36 times. He will look into hard structure, premanufactured structure, and inflated structure for wrestling venue.

Board Member Guma acknowledged the hard work on the redesign plan.

IX. President Ryan called for Questions and Comments from the Public.

Phyllis Libutti – 291 Blackheath Road – thanked the Board for listening to concerns. She is still troubled about safety, stating that 700 seats is still too many, in the case of a need for emergency vehicles getting to fields.

Felicia Solomon – 269 Blackheath Road – showed Board a photo of cars parked on both sides of Blackheath Road. Voiced concerns about spending on fields; mentioned real life issues, guidance counselors, and renovating as priorities.

Jeanne Sofield – 545 West Chester – expressed disappointment with new design and diminished size of bleachers. She asked if this was the final plan.
Dr. Ryan responded that the Board was listening to the entire community, the change in the economy, taxes, and costs, three years later. The Board is considering what best serves the district and students while being mindful of costs and needs. District is required to send info to SED shortly; discussion will continue for 1 more meeting to meet deadline.

Rick Rubin – 211 Blackheath Road – appreciative of watching democracy, with different points of view and the manner in which the Board has handled the meetings. Mr. Ritzenthaler did not mention overriding concern of neighbors, although Mr. Gallagher did. Roy Lester elected as voice of economic reason. Please circulate plan in advance of next meeting. Safety is his major concern.

Board Member Lester responded that these are the final plans. Street parking is the real problem. New plan has addressed concerns. Mr. Gallagher concurred. Board Member Guma suggested seasonal parking and discussion with Town of Hempstead.

Lynn Gergen – 511 Lido Blvd. – suggested plans be put on web site.

Michael Abneri– 94 Regent Drive – asked if we were saving money by downsizing.

Mr. DeVito responded that it would save the district $150,000. Mr. Gallagher explained that there were no overruns on Middle School complex, that bond money cannot be transferred anywhere else, and that we received a great price because of the stalled economy.

Joey Naham – 355 Blackheath Road – asked when the deadline was to submit the plans, asked about the attendees at the safety meeting, and asked about the use of solar power for lighting and sound.

Mr. DeVito responded that the paperwork needed to be completed by the beginning of December for the January 3, 2011 deadline; Mr. Gallagher noted there were about 10 people at the meeting, and Mr. DeVito explained that the designers had considered all types of green elements.

Ron Friedl – 317 Blackheath Road – concerned about rentals and usage of property by outside agencies and feels that 700 is still too high.

Mr. Lester emphasized that the use of fields belongs to the community and the taxpayers. Dr. Ryan noted that the Board approves all use of school facilities. Ms. Tangney explained that larger events would take place at the MS field.

Darlene Haut – 205 Blackheath Road – inquired about the height of the bleachers, the lights, and the plantings; reiterated her displeasure with parking, sound system, and traffic.
Greg Naham – 355 Blackheath Road – voiced concerns about the roots of the plantings, the 4th precinct email foil request, and the suggestion of a decision before the November 19 meeting with the fire and police departments.
