National Junior Honor Society Requirements

Eligibility Requirements include:

- Student must be in 7th or 8th grade
- An average of 92% or greater in quarter one of the current school year
- An average of 92% or greater in quarter two of the current school year
- No failures
- Outstanding record of leadership in school activities or organizations
- Fine character (disciplinary referrals may disqualify applicants; report card comments considered)
- Record of stellar community and school citizenship

Once grades are submitted to the advisors after the second quarter, students who meet the initial eligibility criteria (7th or 8th grader, average of 92% or greater in both Q1 and Q2, no failures) will be given an application where they must include:

- How they have been an active participant in at least one school or community activity
- Their experiences as a leader
- Why they wish to become a member of the National Junior Honor Society (explained in a well-developed paragraph)

Once the applications are submitted, the NJHS Eligibility Committee will meet to review each application and determine who meets the criteria for acceptance. If any of the above requirements are not met, or the applications are not submitted on time, the students will not be eligible to be inducted.
