For Office Use:

We have reviewed/evaluated your concerns and provide you the following outcome:

Your child's current transportation scheme meets New York State and LBUFSd guidelines, laws, policies and best practices and will remain unchanged.

Your letter is being addressed and changes will be made to your child's transportation scheme. A new bus pass will come to your child through their school or email.

Your matter requires further investigation requiring additional resources including mapping, photographs and/or site visit. You will be contacted by phone or personal letter/email when this process is complete.

With Kind Regards:

Christopher Malone

Director of Transportation

****The LBUFSd Transportation Department understands the difficulties and challenges that today's families face. Many of us are parents and grandparents as well. We cannot possibly fulfill every request for preferred services as we transport approximately 3,300 children on 55 buses over three hundred thousand miles annually****
